

IWONA BEHNKE

JUNIOR FULLSTACK DEVELOPER

EDUCATION

Le Wagon - Fullstack Web Development Bootcamp

Jan 2022 - Mar 2022, Berlin

Learned back end basics (**Ruby & Ruby on Rails**), relational databases (**SQL, Active Record, PostgreSQL**), front end development (**HTML, CSS, JavaScript, Bootstrap**), product design, collaborating with **Git** and **GitHub**, prototyping in **Figma**. Developed two apps with my teammates:

Todi - final project - a social platform for families with children to connect based on location and interests (mobile app)

CapyRent - a fun marketplace to rent capybaras (web app)

History, Master of Arts

2013 - 2014, University of Potsdam (exchange year)

2009 - 2015, Jagiellonian University, Krakow, Poland

WORK EXPERIENCE

Teaching Assistant

May 2022 - until now, Le Wagon, Berlin

supporting fullstack web development students during practical exercises (topics: Ruby basics, databases)

Corporate Trainer

Apr 2020 - May 2022, BOSCH Service Solutions, Berlin

communication and **technical trainings** for customer service (groups up to 30 people / both online and in person)

Customer Service Specialist

Oct 2016 - Apr 2020, BOSCH Service Solutions, Berlin

Office Manager

Jan 2015 - Jun 2016 SeeKrakow, Krakow, Poland
